

ANI Pharmaceuticals Launches Authorized Generic of Rowasa® Enema 4g/60mL

May 16, 2016

BAUDETTE, Minnesota (May 16, 2016) - ANI Pharmaceuticals, Inc. ("ANI") (Nasdaq: ANIP) today announced the commercial launch of authorized generic Rowasa® (mesalamine) rectal suspension enema 4g/60ml in a 7x60ml carton. According to IMS Health, sales for generic mesalamine rectal suspension enema 4g/60ml were \$20.5 million, on a trailing twelve month basis.

Arthur S. Przybyl, ANI's President and CEO stated, "With this launch we are introducing our sixth authorized generic product to our growing commercial portfolio. We continue to explore opportunities to expand our authorized generic partnerships."

About Rowasa®

Rowasa® (mesalamine) rectal suspension enema 4g/60ml is indicated for the treatment of active mild to moderate distal ulcerative colitis, proctosigmoiditis or proctitis.

About ANI

Forward-Looking Statements

To the extent any statements made in this release deal with information that is not historical, these are forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. Such statements include, but are not limited to, statements about price increases, the Company's future operations, products financial position, operating results and prospects, the Company's pipeline or potential markets therefor, and other statements that are not historical in nature, particularly those that utilize terminology such as "anticipates," "will," "expects," "plans," "potential," "future," "believes," "intends," "continue," other words of similar meaning, derivations of such words and the use of future dates.

Uncertainties and risks may cause the Company's actual results to be materially different than those expressed in or implied by such forward-looking statements. Uncertainties and risks include, but are not limited to, the risk that the Company may face with respect to importing raw materials; increased competition; acquisitions; contract manufacturing arrangements; delays or failure in obtaining product approval from the U.S. Food and Drug Administration; general business and economic conditions; market trends; products development; regulatory and other approvals and marketing.

More detailed information on these and additional factors that could affect the Company's actual results are described in the Company's filings with the Securities and Exchange Commission, including its most recent annual report on Form 10-K and quarterly reports on Form 10-Q, as well as its proxy statement. All forward-looking statements in this news release speak only as of the date of this news release and are based on the Company's current beliefs, assumptions, and expectations. The Company undertakes no obligation to update or revise any forward-looking statement, whether as a result of new information, future events or otherwise.
